"Finding Forever"

I lift my eyes to the city
But no strength
Comes from it to me
For I am the drifter
Float the tides
Of a barren sea

Finding forever
A lifetime to see
Returning whenever
It reaches out to me
Learning together
And giving what we need
Â'Cause I'm longing in
Finding forever
Finding forever (I said)
Finding forever
I search in sound
To be found in
I map the shores
That I walk upon
Ponder the elemental scatter
Thoughts in a grain of sand
Finding forever
A lifetime to see
Returning whenever
It reaches out to me
Learning together
Giving what we need
Â'Cause I'm longing
In finding forever (yeah)
I said finding forever

There's no port that holds me
I follow the clouds drifting by
There is a strength
That comes in darkness
That never ceases
To give me life
Finding forever
A lifetime to see

Returning whenever
It reaches out to me
Learning together
Giving what we need
Â'Cause I'm longing
In finding forever

Finding forever
I said finding forever
Finding forever (yeah, I said)
Finding forever (ooh)
Finding forever
