It was something
I was thinking of
Getting for my baby
'Cause you got to know
This one has his own 'lady' (yeah)

Heard my daughter paints
Pictures of daisies
See her growing up
To become someone amazing

And its yellow center
And white rays
I see your beauty
As a sweet bouquet

Running on a feeling of amazing
Gonna be looking on
My Island Daisy

Wind is blowin' and
We're drivin' breezy
It's a field of flowing flowers
Of island daisies (yeah)
Looking like bees
Got the pick of honey
Gonna shine on you
When it's sunny

And its yellow center
And white rays
I see your beauty
As a sweet bouquet

Going on a feeling
I'm loving daily
I'm in bloom with
My Island Daisy

I'm a guy who likes
To sail his own

There's a girl who's
Gonna bring me home
Don't want you
To know sinners' eyes
Know I want to stay in your life

Its gonna take a little while
To chase me
'Cause I'm spending time
Just Daddy and Daisy (yeah)

Still, I'm getting a thrill
Of my baby
I said growing up and
Leaning on Daddy

And its yellow center
And white rays
'Cause I see your beauty
As a sweet bouquet

Still, I'm getting a thrill
With my baby
'Cause I love the sun
And my Island Daisy

Yes, my Island Daisy
Yes, my Island Daisy
Yes, my Island Daisy
