Sipping on a sunrise dream
Looking at the waves
And a deep blue sea

Whales are off the bow I see
We're sailing on a boat
In a tropical breeze

And it's you
Who makes me feel the magic
And it's true
My heart could burn
If it turned tragic
What can I do
'Cause I'm so in love with you

I said I...Island View
I said I...Island View
Island view

I'm looking at an island scene
After a rain
Pouring down for days

There you are
In front of me
And a rainbow, too
Peeking through the trees

And it's you
Who makes me feel the magic
And it's true
My heart could burn
If it turned tragic

What can I do
'Cause I'm so in love with you

I said I...Island View
I said I...Island View
Island View

There is a land that's in my heart
One I want to view
It holds afloat
A beauty that is true

There is a dream we'll always have
These islands to view
And living long
In this paradise with you

And it's you
Who makes me feel the magic
And it's true
My heart would burn
If it turned tragic
What can I do
'Cause I'm so in love with you

I said I...Island View
I said I...Island View
Island View
OAHU, KAUAI
MAUI, MOLOKAI, HAWAII x4
Island View (I said)
Island View (yeah)
Island View
I love you
Island View
Island View
