Second time around and its twice as big
Ya'll get down with the kid i just do with him i say
Its been a long time but this time im back
I aint going nowhere you can count on that
Ima rhyme cuz i shine till your blind from the light
One time feel your mind in my grind aight
Baby im on fire let me take you higher
Just take my hand tell em whats up young lam

Bathing till the sun goes down ima light this town
Im on fire baby
Even when the rain pours down i will not burn out
Cuz im on fire baby

Im hot i cant stop even if i wanted to
Lift off start off with a shot or two
Get higher spit fire get tired mm never
2011 is near thats 20 to 11 making that my year (thats
right)
Tk think about it for a second if you still dont get it

Mic check when im on my shit every song i spit is as hot
as this
And im not being cocky (?) Its a promise cross my heart

Im back and im better then ever its been a long time
better late then never
But im hotter then the summer time heat in a sweater
Ima beat you (?) Bitch im better

Bathing till the sun goes down ima light this town
Im on fire baby
Even when the rain pours down i will not burn out
Cuz im on fire baby

Bathing till the sun goes down ima light this town
Im on fire baby

Even when the rain pours down i will not burn out
Cuz im on fire baby

But i like the green and i cant just stop
Cuz i got a dream send me to the top
Of the fire like im at the olympic games

You might rap but were not the same no
Aim slow so im right on point aim low wait no
Get high like joints aint no cant go just how and when
Reach for the stars tweetin out when and then
No damn sounds like a whole new man
But im back in the club with a whole new plan
I can or better yet i am if you aint got a dream the you
wouldnt understand
Huh so like it or not cant put out the flame so im
keeping it hot
And ill stop when i reach the top f that till then ima ima

Bathing till the sun goes down ima light this town
Im on fire baby
Even when the rain pours down i will not burn out
Cuz im on fire baby

Bathing till the sun goes down ima light this town
Im on fire baby
Even when the rain pours down i will not burn out
Cuz im on fire baby

Take two step forward three step back three step back

Even when the rain pours down i will not burn out
Cuz im on fire baby

Bathing till the sun goes down ima light this town

Even when the rain pours down i will not burn out
Cuz im on fire baby
