I know I've always been down  
No matter who else was around  
Those crazy things we've been through  
Will always make me love you

Chorus:  
I'll never let you forget me  
You know I'm the best girl you've ever seen  
Just when you think you'll never see me  
I will be  
I can bring it to you in 3D

Chorus

There's more than one side of me  
There's more than one place to see  
You made my dreams come true  
Nothing could replace you
