Will smith & left eye
(appears on the album big willie style and the wild wild west single)

Unhh....ha ha...
This one goes out to all the big willies...

Big will the high roller
Strolling through with an entourage
Hard to camouflage when you livin' this large
I be smooth like debarge with a five car garage
Out for the night with my squad and we be flossin'
down
The fifteen my whole aura gleamin'
Who dat kid in the green v
Envy brother scheamin'
I ain't thinkin' bout them racing chicks in the pink bm
With my speakers tweakin' freakin' off this weekend in
Las vegas boss players all across the board move
makers and
Shakers money can't break us but the places it can take
us
Big will in the limelight rhyme tight and we gon' have
some fun tonight

Chorus:
Now how we do it (you know it's big willie style baby)
How we doin' it (you know it's big willie style)
Now how we do it (you know it's big willie style baby)
How we doin' it (you know it's big willie style)

I'm in a five star casino shuttin' crap tables down
(boom)
Non bettin' willie watchers standin' around
Strictly millionaire status you can feel the eyes lookin'
at us
How bad they wanna be us (parlay)
Charlie mack got my back with his eyes on my stack
Brothers don't know how to act when you drive a four-
five black
People stop and stare havin' drinks at the bar a round
For everybody with these big willie cards from civilians

to stars

They wanna know who we are it's me big will, nas
escobar, j.l.

Omar carry money bags collect the chips then we all
quick the swift exit

Chorus

It's left eye with a tight crew representin' like it's ladies
night

Comin' right through don't be spiteful plus an eyeful
Sportin' hot-pink rocks in a link in a drop with a mink
Like my shit don't stink

Got you in the palm with a bomb like sadam
Blowing up spots then runnin' off with the pots
Left eye ready for action the main attraction
I'm in the fast-lane passing breakin' you down like
fractions

While we be rappin' about things that really happen
Big willie style philly style let's make it platinum
With mademouselle from gazels to versace
With a sweet smell this female leadin' the posse got
jokes like cosby

In the lots where the cars be with no apologies it's left
eye

Big will let the champagne spill is it a man's thing for
real

Can us girls roll wit y'all what the deal

Chorus

Well now it's lookin' like a car show convoys and whips
On the strip pullin' up in the six makin' brothers sick for
real

Big will household name entertainer gold handle cane
and matchin'

Gators swervin' lane in pole position rolling deep like a
co-malition

In soul position and can rock a whole convention
Movie screens to the club scene my whole crew lookin'
clean

Shine with a diamond gleam step above where the
players be

Don't hate me one is where they rate me lately you
could find me

Behind the door marked v.i.p.eating grapes under the
a.c.

Big willie style is how we do it

Chorus

Chorus

This one goes out to all the big willies
