Unh, remember me?  
Well if you don't  
I think after this song  
You will

[T-Boz]  
We got tonight all alone baby  
No distractions no if and or maybes  
Lately we haven't had to time to  
Do the things we usually do  
I've been thinking bout something  
Real special for you  
And I want you to be good to me too  
Yeah

[Chilli]  
1 - I love it when you touch me  
Feelin' so good that it must be  
Right for you to love me  
And do all the things that I wanna see  
I had a long day and my tension is strong  
Need a release baby you turn me on  
Whatever you do just don't stop  
So oh oh oh

2 - So don't go too fast (So don't go fast)  
Make it a night that I won't forget (for-get)  
Gotta make it last (Gotta make it last)  
Livin' the love that I haven't seen (oh oh)  
Awoke from the past (Woke from the past yeah)  
Tonight is the night that you won't regret  
So baby just don't pull out on me yet

[T-Boz]  
But when you satisfy me  
I can tell it when you know my body  
Holdin' me closer to you  
Ain't gon' wait let me do what I do  
See I get a funny feelin'  
That makes me wanna share it  
Over and over again

Repeat 1

Repeat 2

[T-Boz
