Chilli:  
Yeah.

T-Boz:  
First time I saw you,  
you looked at me & I could barely breathe.  
Couldn't keep my eyes off you.  
There was something in you that did something to me.

Bridge(T-Boz):  
I just knew I had to know your name(hey).  
There was something about you babe.  
And I said

Chorus:  
I want some of that.  
I need some of that.  
Yes,I'd love some of that love you've got baby.  
I crave some of that.  
Won't you give some of that to me baby.

T-Boz:  
I walked behind you.  
Watching each move your body makes.  
Wished I was walking beside you.  
There was something in you that stole my heart away.

Bridge(T-Boz):  
I just new that I needed you so bad(hey).  
You had something I had to have.  
And I thought

Chorus

T-Boz & Chilli:  
I'll say that again.  
Want some of that love.  
Need some of that love.  
Love some of that love.

Chilli:

You were everything that I wanted next to me.  
What could I do.  
I had to get with you.  
Get you into my life(yeah).

T-Boz & Chilli:

Now you're here with me  
and I that look in your eyes tonight.  
I know you can't wait to kiss me(to kiss me).  
No it won't be too long till I'm holding you tight.  
In a moment,you'll reach out for me  
and that moment will be so sweat when you say  
"I Want Some Of That".

Chorus

T-Boz & Chilli:

Say it again.  
Want some of that love.  
Need some of that love.  
Wnat some of that love.

Chorus
