Lets go

It seems like when I'm with you
Only crazy broads seem to find you
And I'm thinkin' like how do they know you
And just what are you into
'cause I'm diggin' you if everything is cool
But if you're playin' games
It was good to know you
Let me give you a clue
We could be stuck like glue
But I refuse to be a fool

I wanna get with you but it just seems so crazy
Are these girls necessary?
Why are they all up on you?
And why do you act like it's cool?
I'm not gon' be your one so you can try and play me
It don't work that way baby
So let me know who you choose
If I'm here waiting for you

I don't like to play around
That's not how I get down
No foolishness allowed
Who's it gonna be
I'm not stressin' over you
So what you gonna do
Keep playin' you will lose
Who's it gonna be

Ooohh ooohh ooohh
Ooohh ooohh ooohh
Ooohh ooohh ooohh

It doesn't feel right when I'm with you
Havin' these broads keep approachin' you
If my thoughts are true I won't be with you

You will see just what I'll do

But if my thoughts are wrong and what you say is true
I'll ask you to forgive before accusin' you
I pray I'll never see the day when you
Decide those chicks should be with you

It's been a minute since I seen you
I've just been killing time
Lettin' all these bitches know
That you gon' always be mine
Disappear then reappear
We held it down through the years
All the crazy shit we've been through
Can't take no more tears
Fell in love when I first met you
Put you all on my team
Introduced you to my crew
Told you my every dream
It was us against the world
Nobody could come between
Passionate crazy shit
If you know what I mean

Who's it gon' be?
Who's it gon' be?
Who's it gon' be?

Who's it gon' be?
Who's it gon' be?
Who's it gon' be?
