Somethin' you wanna know
Ask me boy
I'll tell you so
Don't you talk to the world
You can talk to me baby
Somethin' you wanna know

{Yo left eye
I can't believe he fell for that rumor
All he had to do was come ask you}

Sittin' all alone can't think of nothin' better to do
So yo I keeps callin' you
Each discussion's a little bit colder
Seems to me you givin' two of those shoulders
Whatever it is and if it's nothin'
I wish that you would tell me somethin'
Got me thinkin' I'm losin' you
Yo so what am I supposed to do?

Somethin' you wanna know
Ask me boy
I'll tell you so
Don't you talk to the world
You can talk to me baby
Somethin' you wanna know
Ask me boy
I'll tell you so
You can talk to your girl
I won't lie to you baby

Scratchin' up the phone goin' crazy
You think it ain't suppose to phase me
Yellin' at you for even startin' to believe
In any kind of that crap street yap you been receivin'
And what's so unfair
You been doggin' me out about matters unclear
You can't solve a problem if it's trapped inside your
mind
It's a conversation blind

Somethin' you wanna know

Ask me boy
I'll tell you so
Don't you talk to the world
You can talk to me baby
Somethin' you wanna know
Ask me boy
I'll tell you so
You can talk to your girl
I won't lie to you baby

You know you shouldn't fall for everything that they tell
you
Unless you get it straight from the horse's mouth, ahh
You know that everything they tell you boy is just
hearsay
You gotta be careful when the rumor's out

True enough now you know if I were to pick up
A piece of that he say she say stuff
Think about it
I would doubt it as to callin' a bluff
But unlike you I wouldn't break da rules
By jumpin' into conclusion
I'd eat a steak and potato while thinkin' it over later
Leave a tip two quarters and a condom for the waiter
What to do?
Now's the time I decided to bring it on back to you
So we can talk it through and through
Because it ain't nothin' better, than talkin' to me
When you wanna know somethin'
Than havin' to get a piece of info from who knows
I'm gettin' fed up yo 'cuz
Words become a quote or somethin' better like a story
It's far from okey doke close to fiction
Half is true but then the other is a conviction
So I'm blamed with an infliction
From which others have created
Then have socially debated
So you don't you know that the story's been inflated

Somethin' you wanna know
Ask me boy
I'll tell you so
Don't you talk to the world
You can talk to me baby
Somethin' you wanna know
Ask me boy
I'll tell you so
You can talk to your girl
I won't lie to you baby

You know you shouldn't fall for everything that they tell
you
Unless you get it straight from the horse's mouth, hey
You know that everything they tell you boy is just
hearsay
You got to be careful when the rumor's out

You can talk to me
If it's somethin' you wanna know
Then just ask me baby
Ooh so tenderly
I'll tell you what you wanna hear
You can talk to your girl
I won't lie to you baby

{Remember don't let anyone come between you
With the he say she say
Yeah you know those words
And this advice is never to be forgotten
That misery loves company
And this special shot goes out to all those
Who are in love
Peace}

Somethin' you wanna know
Ask me boy
I'll tell you so
Don't you talk to the world
You can talk to me baby
Somethin' you wanna know
Ask me boy
I'll tell you so
You can talk to your girl
I won't lie to you baby

Somethin' you wanna know
Is there somethin' you, somethin' you wanna know?
Don't you talk to the world
You can talk to me baby
Somethin' you, ooh somethin' you
Somethin' you wanna know
You can talk to your girl
I won't lie to you baby
