So tell me what you gonna do
Do you think you gonna come through
'cause I wanna find out if those kinky rumors
'Bout you are true
See I heard that from my crew
Said you'll have me feeling brand new
Oh yeah they say you are an expert in
Whopty Woo

Alright
Wouldn't that be nice
If I had the chance to blow your mind
On just one moonlit night
I'm sure you'll have a good time
Because my love's so good
So gentle and so smooth
So whenever we Whopty Woo
I'll put it down on you

Hook:
Come on lets
Whopty Woo
Come on lets have some fun
I want you you want me
Come on lets
Whopty Woo- Ooo
Come on lets get together
