You gotta learn, that the earth is just screaming now
Please tell me how to change this fatal sacrifice
A lot of nature is destroyed by mankind
A lot of wood becoming stuff of desire

But you are right, cause no one wanna be minority
You just made mistake that was caused by majority
They never know what the hell's going on
You killed your friend
Stop it! The earth is crying

Save your friend
Remember the day when you played
They can't take
I heard them screaming with pain
They hate to bleed
Something is wrong, something is wrong
It's not too late
Hey, you know what I mean?

But you are right, cause no one wanna be minority
You just made mistake that was caused by majority
They never know what the hell's going on
You killed your friend
Stop it! The earth is crying

You killed your friend, the earth is crying

Save your friend
Remember the day when you played
They can't take
I heard them screaming with pain
They hate to bleed
Something is wrong, something is wrong
It's not too late
Hey, you know what I mean?
