Danielle: You say you're trying and you're crying,
But I hate to say it. This is something I'm not buying.
You had your chance and you blew it.
You stole my heart and you threw it away.
You stood there with nothing to say
Oh, I blew it and I knew it.
Just take me back, please.
Those words, I didn't mean...
And if you can't, just swear you won't forget me.
Remember when you asked if you were worth dying
for?
Remember when you asked if you were worth dying
for?
But even the coldest hearts have a beat,
And we both know yours still beats for me.
But even the coldest hearts still have a beat,
And yours is nothing someone would want to keep.
Oh, trust me...

Mike: And I'm praying to God I'll forget her name
'Cause I got lost inside her little game.
And I thought I played so well. (I thought I played so
well...)
I know I'm better for it. (I'm better for it!)
The likes of love fill my heart instead!

Danielle: I know one day we'll say we're sorry,
But it's too late to fix what's lost.
I know one day we'll say we're sorry

Both: But even the coldest hearts have a beat,
And we both know yours still beats for me.
But even the coldest hearts have a beat,
And yours is nothing someone would want to keep.
Oh, trust me...

Danielle: I wouldn't take you back if you were the only
one.
I wouldn't take you back if you were the only one!
The only one, you taught me something
That I hope this dies with you... (I swear to God, I'll

forget her name!)
I wouldn't take you back if you were the only one. (I
thought I played so
Well!)
You taught me something that I hope this dies with you!
(I swear to God,
I'll forget her name!)
I wouldn't take you back if you were the only one. (I
thought I played so
Well!)
The only one, no!
