Please take me out to a bar
I'm dying for a glass of beer
I wanna eat the snacks and drink so much
So take me with you along

Let's hang out tonight
Hey drink it all to die

Would you like another glass of beer?

I need a bottle of whiskey
Give it to me now, I need it
Yeah this is what I living for
Tomorrow? I do working!

Please take me out to a bar
I'm dying for a glass of beer
I wanna eat the snacks and drink so much
So take me with you along

Let's hang out tonight
Hey drink it all to die

Would you like another glass of beer?

I need a bottle of whiskey
Give it to me now, I need it
Yeah this is what I living for
Tomorrow? I do working!

Please take me out to a bar
I'm dying for a glass of beer
I wanna eat the snacks and drink so much
So take me with you along

Let's hang out tonight
Hey drink it all to die
