Let's go to the rockshow, it's friday night
Please get me out of boredamn place tonight
What a hell are you waiting for? It's special day
So I let you drunk and spend more crazy time, yeah!

Oh wait, I think all the girl will be fall in love with me
tonight
Oh shit, I'm drunk too much and I'm falling down

"Let's get drunk" don't say so, bitch, asshole!
I guess I don't need beer anymore
I can't fuck with such a bitch, it's my fault!
So I have to be a fucking wasted drunk

Oh wait, I think all the girl will be fall in love with me
tonight
Oh shit, I'm drunk too much and I'm falling down

"Let's get drunk" don't say so, bitch, asshole!
I guess I don't need beer anymore
I can't fuck with such a bitch, it's my fault!
So I have to be a fucking wasted drunk
