Get off the stage, boy. You can't hold a note
This crowd's a deadly one ,I think they liked you more
backstage
(X2)

He swears he's not like everyone else, but this crowd is
as shallow as it gets
They come just to get their fix, but they can't see what
he has inside
Cause his tattoos are just a disguise
And all they want is a pretty face

They never did know what to look for
I'm sure Romeo was too busy falling in love
To lust a mirror, boy you can change this world one
heart at a time
so please start here and just steal mine, just steal
mine,
Just steal mine

And please don't change what they want you to be
cause all that matters
is what you and I see
And everything that we could be

So let's just make this, your best piece
Just sing pretty for me
(X3)

Stay on the stage boy, this crowd's just a joke
Their glances are deadly ones, I know you like them
more backstage
(X2)
