[Verse one:]

I saw you walking in the street  
Don't look this way love, please.  
Just let my heart, let it go.  
It took me back to that day  
You turned and walked away  
And said it's supposed to be this way  
I'd be okay cause it was all the same  
I guess our story is ending here

[Chorus:]

My pen could only write your name  
You were filling every page, so fast.  
Then we fell and died away,  
It's not supposed to be this way  
I'm so far from okay, if it's all the same then it's just  
you that's okay.

[Verse two:]

I saw you crying in the street  
Don't do this now love, please.  
We've been here so many times before  
Take me back to that day,  
I turned and walked away and said  
It's supposed to be this way, I thought I'd be okay  
Cause it was all the same, I guess our story is ending  
here

[Bridge:]

Take me back to that day, I'd make it all okay  
I don't know what to say  
I didn't know you felt that way,  
My lips could only say your name you were filling every  
phrase, so fast but then we fell and died away
