Looking deep into your eyes  
No better place to hide  
When i'm scared and i'm weak  
You can help me before i bleed

You can help me forget the pain  
That i feel deep inside  
Let me she'd these tears  
Let me just be with you

You're my saviour again  
You are my angel

My blood runs in you  
Your blood runs in my veins  
We love this kind of immortal love

Open up the scars  
And give your blood  
I will give you mine  
I think it's what unites

This is all i believe  
You're the one i trust  
I believe in our love  
And i always will
