Visit "[Arcane Solace](#)" on MotoLyrics.com

Lay me down - my serenity
On fragrant meadows
of arcane desires
Release my heart from its rusty cage

Immerse your thirst within my soul -
Valled beneath soft sheets of sorrow...
Oh lay me down and sing for me
Sweet lullabies of broken shadows -

That sweep across our silent solace
As we're drifting,
drifting solemnly across

Roaring seas of our brave new world...

So embrace my soul - it's yours
Destroyed but undefeated we'll soar
with broken wings

And forever I'll cling to our beloved
crime -
Of obeying mysteries too great to deny

So embrace my soul - it's yours
Destroyed but undefeated we'll soar
with broken wings
