Far away and oh so near
I lost my way as I found my place
In this damned
Playground of the universe
On the tracks of blood drops from my kin's veins

Once again
Idegen szavak
Ujra itt

And as I turn back
I hear your cries, calling me, I hear you screaming my
name
As I close my eyes and hide the past inside
Wishing there was nothing to remember you by

Felek, almomban itt voltal, éreztem a szivem
meghasadt
Éreztem a lelkem szetszakadt, es igaz volt minden
Nem csak alom mely elvesz a reggellel
Once again
Idegen szavak

Ujra itt

And as I turn back
I hear your cries, calling me, I hear you screaming my
name
As I close my eyes and hide the past inside
Wishing there was nothing to remember you by

Once again I am back here
With you inside this dream
And I try to believe
Trying to believe
To believe that I'm forgiven
That my tears are not in vein

And as I turn back
I hear your cries, calling me, I hear you screaming my
name
As I close my eyes and hide the past inside

Wishing there was nothing to remember you by
