I try to wish you away
I'll do more than wishin' someday
No no no more son of a bitch
No no no more wishin'
No no no more son of a bitch
No more happyface!

You and I have nothin' more to say
We'll do more than talkin' someday
No no no more son of a bitch
No no no more talkin'
No no no more son of a bitch
No more happyface!

No no no more son of a bitch
No no no more talkin'
No no no more son of a bitch
No more happyface

If I
Could find
The will
To KILL!
Here we go again

No no no more son of a bitch
No no no no more son of a bitch
No no no more son of a bitch
No more happy face

If I
Could find
The will
To KILL
Well, I'll kill you son of a bitch!
