You say forever  
And I confess a shiver  
When i'm away  
My heart ??? ?beating?  
You say hope  
I saw that's where i'm going  
When i'm away  
My heart is ??? ?beating?  
When i'm away

If i'm out hunting  
???, come on in  
When i'm away  
My doors are always open  
But if i'm asleep  
Make sure my blanket covers me  
??? ??  
I'm away  
I'm away  
????  
My heart beats slow ?? my heart  
My heart is ?? ?eat it?  
No! No! No! ??don't you eat it??

To be in the shade  
The tallest trees above my head  
When I'm away  
I feel the earth beneath me  
When I'm away  
When I'm away  
I'M AWAY!
