Joey, lets go
Shes not the one
You act like you never seen anybody like that before
Don't act so sad
Shes not the first, you know
And if you take a look around
You'd see it was over before it started
Yeah
Joey, lets go
Joey, lets go
Joey, lets go
Just look inside
See for yourself
She treats you just like the others
God damn them one and all
Don't act so mad
Get back into the car
You couldnt stop it, couldnt change a damn thing
It was over before it started(4x)
Yeah
Joey, lets go
Joey, lets go
Joey, lets go
Joey
Joey
Joey
Joey, yeah
Lets go
