Swimmin in pride,  
My sweet thing.  
It's such a pretty night,  
For losin...  
Our innocence...  
Our tenderness.

It's all been kissed...  
Away, and...  
Now you know you're a freak show.  
And you can't fight that little sin.  
Yeah!

Swingin your hips,  
You found out,  
It's easier said,  
To put me down.  
Don't roll your eyes,  
Don't breathe a sigh.  
You're not so shy,  
So help me.  
Now you know, you're a freak show.  
And you can't fight that little sin.

Yeah!

So hard to wait,  
Just for a kiss.  
Now we're the same,  
With all we (xx?xx)

No tenderness...  
No innocence...  
It's all been kissed...  
Away, yeah.  
Now you know, you're a freak show.  
You can't fight that...  
Little sin.

Ye-a-h, ye-a-h.....
