I know something about you  
I know you're only seventeen  
On the cover of a magazine  
On the cover of a magazine  
And you're so mean to me  
??show me the score??  
Its been so long since my first kill  
I imagine it happening just like this  
Everyday on my tv  
????????????????????????????????  
Can you show me what I need?  
Can I touch?  
Can I watch?  
Can you show me miss teen  
Show me some  
Yeah show me something  
Miss teen  
Show me some  
Yeah show me some  
I see you ???  
The way you move  
???
