If this is a dream,
Im happy you're having it with me.
I will stay and savor,
The way you move me.

Don't wanna miss one detail,
One sweet smile from your lips.
One kiss sets me adrift.
Alright yeah.

Chase the stars as we fall down,
And light up where you are.
They are yours, yours for keepin.
Trace the curves of the seas
Xxxxx up beside you.

When I watch you, watch you sleepin.
Yeah!!

Pressed against the sky.
Eyes wide open.
Pressed against the sky.
Pressed against the sky.
Yeah!!
Eyes wide open.
Yeah!! Yeah!!
Eyes wide open.
Yeah, yeah yeah.
Eyes wide open.
Yeah, ye-a-a-h.
Eyes wide open.
