I guess I left myself wide open  
I guess I earned that weight  
Feel that weight, feel that weight pushing down  
I know you saw, you saw it coming  
Well, I saw it coming, too  
Now with eyes all over you  
I can't help but wonder  
What we'll do under that weight, that weight  
Take the bait  
Take, take, take

Feel that weight, feel that weight pushing down  
Where's my friend, I need a hero now  
Can I push that hand away, push that hand away  
Lips and cheek and full of drink and tell me what I said

I thought I knew you, I thought I knew myself  
Never guessed the cost, the waste  
Just a taste is all I wanted  
It's been a long time, a long time coming  
But this is how we make or break  
Take, take, take

Feel that weight, feel that weight pushing down  
What the hell we stepping into now  
Can I push that hand away, push that hand away  
Pinch and wink and full of drink and shoulder to the  
weight

Feel that weight, feel that weight pushing down  
I thought I knew you, I thought I knew myself  
Can I push that hand away, push that hand away...  
Push it, push it.
