I Know that
It's a better place
That your going to
I hope you have yourself
A good, good trip
And It's never been easy than this
Why resist? yeah
Why resist?
WHY RESIST, YEAH!

Easier than then
Easier....

I know that
It's a simple mind
And thinks this way
Why I was stupid
But I am less concerned with
Where i'm going now than
Where I am, Where I am
WHERE I AM, YEAH!

Easier than this, I have never been.
Easier than this. easy.....

Resist Her
Resist Her
Resist Her
Resist Her
Resist Her
RESIST HER!

Easier than this, I have never been.
Easier than this, Easier than
Easier than this
And I resist, resist
Resist, resist, resist

Resist her
