My steps are sideways motion  
Step stones across my ocean  
They bring it home to me  
Your all i wanted  
Bring it home to me and now i nearly gave up on it  
Yeah, bring it home to me  
Green lines are fine to machine  
Find time and havin watching  
Tell me what i say, define this moment  
Tell me what i mean to you before it's over  
Yeah, bring it home to me  
Now you've gone too far to bring me all your magic  
I swallow every one ???????  
I want, you got  
You suck magic
