Tens and tens and tens  
We'll find you in the end  
Everyone's not lost  
And everyone's a friend, oh ooh-oh

Oh ooh-oh  
Take the morning, take the sun  
I'll keep coming round and round

Tens and tens and tens  
Is what you'll have to spend  
Everyone's not lost  
And everyone's a friend, oh ooh-oh

Take the morning, take the sun  
I'll keep coming round and round  
Pick up your stuff, I'll pick up mine  
Never the last but the first time

Take the morning, take the sun  
I'll keep coming round and round  
I've got your back, well you've got mine  
Never the last but the first time

Take the morning, take the sun  
I'll keep coming round and round  
Pick up your stuff, I'll pick up mine  
Never the last but the first time

Take the morning, take the sun  
I'll keep coming round and round  
I've got your back, well you've got mine  
Never the last but the first time

Take the morning, take the sun  
I'll keep coming round and round  
Pick up your stuff, I'll pick up mine  
Never the last but the first time

Take the morning, take the sun  
I'll keep coming round and round

I've got your back, well you've got mine  
Never the last but the first time
