Welcome to the aftermath of the incidence
That made the tower fall
Another screw to another wheel
For another mind won't stray away anymore
Oh, won't stray away from its brain
Oh no...

We must finalize the giant
To level off the void and zeroise the will
The time will come: you will know what you need

The watchmakers' dream
The watchmakers' dream

Simplify simplicity
You don't mind what you don't see at all

The tongue of nations brought in line
Reason occupied: the God-machine oh
A splendid streaming dream will tower to the sky

We'll exploit another 'morrow
We drained another day
The glowing of the future in our eyes
And time reveals what we'll need:

The watchmakers' dream
The watchmakers' dream

We must finalize the giant
To zeroise the will and level off all minds
The time will come you will know what you need

The watchmakers' dream
The watchmakers' dream

The watchmakers' dream
Will we slice infinity
The watchmakers' dream
For all the world to see
The watchmakers' dream

We give you what you need
The watchmakers' dream
The sound of triviality
