Such a fuss about such a story
Standing in the punch line
Scratch the back of some strange emotions
But I can feel your devotion

Gas daddy gas
Customize the border the edge
Is guarded by choice
Gas daddy gas
Customize the border the edge

Can't you see the way I want to live?
It's not hard
Can't you see the winds I want to sail?
It's not important

Gas daddy gas
Customize the border the edge
Is guarded by choice
Customize the border the edge
Gas daddy gas daddy gas
Gas daddy gas daddy gas
