"I'm just a middle-aged, middle-eastern camel herdin'
man
I got a, 2 bedroom cave here in North Afghanistan
Things used to be real cool and they got out of hand
when they moved in
They call themselves the Taliban
(oooo yeah the taliban) (taliban baby)
Now I ain't seen my wife's face since they came here
They make her wear a scarf over her head that covers
her from ear to ear
She loves the desert and the hot white sand
But man she's just like me, nah she can't stand
The Taliban (ooo taliban baby)
You know someday soon we're both gonna saddle up
and it'll be
Ride Camel Ride
My old lady she'll be here with me, smilin right by my
side
We should do just fine down in Palestine or maybe
Turkmenistan
We'll bid a fair adieu and flip the finger to the Taliban
(oh yeah the taliban) (baby)
Now they attacked New York City cause they thought
they could win
Said they would, stand and fight until the very bloody
end
Mr Bush got on the phone with Iraq and Iran and said
"Now, you
knuckle-heads you better not be doin any business with
the taliban"
(Taliban baby)
So we prayed to Allah with all of our might
And then those big U.S. jets came flyin one night
They dropped little bombs all over our holy land
And man you should have seen em run like rabbits,
they ran
(the taliban)
You know someday soon we're both gonna saddle up
and it'll be
Ride Camel Ride
My old lady she'll be here with me, smilin right by my

side
We should do real fine down around Palestine or
maybe Turkmenistan
We'll bid a fair adieu and flip a couple fingers to the
Taliban
(oh yeah, taliban)
we'll bid a fair adieu and flip a finger to The Taliban
(baby)"
