Everybody knows how much he meant to you, baby
But you still insist that your heart's alright
I can see that he's about to get the best of you, maybe
You're too ashamed to cry and it's gettin' hard to hide

It's gonna get bad, before it gets better
You can cry and cry, but he still won't call
It's gonna get sad, maybe even sadder
But you're not over the heartache
You're still under the fall

When it comes to love, you've always had your way
And you never had your heart broke, or so you say
No you can't fool me, I know he's on your mind
There's things in love that just happen sometime

It's gonna get bad, before it gets better
You can cry and cry, but he still won't call
It's gonna get sad, maybe even sadder
But you're not over the heartache
You're still under the fall

It's gonna get bad, before it gets better
You can cry and cry, but he still won't call
It's gonna get sad, maybe even sadder
But you're not over the heartache
You're still under the fall
