Word sure gets around in a tattle tale town  
That why she never goes out at night  
But when her kids go to school and her husband's gone  
too  
She gets in her care and she drives  
To a little motel on the outskirts of town  
Puts on her perfume and turns the bed down  
And I'm the only one who knows Victoria's secret

Her husband's always working and he's never home  
When he's there with her he's still gone  
And she can't stand living and loving alone  
Well she's got her children to raise, that's why she can't  
let it show  
I'm the only one who knows Victoria's secret

It's PTA meetings, warm social greetings  
A woman's work never gets done  
It's church Sunday, it starts again Monday  
Seems she's always on the run  
And she gets so lonely it tears her in two  
That's when she does what a woman must do  
And I'm the only one who knows Victoria's secret

Her husband's always working and he's never home  
When he's there with her he's still gone  
And she can't stand living and loving alone  
Well she's got her children to raise, that's why she can't  
let it show  
I'm the only one who knows Victoria's secret

Ah she's got her children to raise that's why she can't  
let it show  
I'm the only one who knows Victoria's secret

Yeah I'm the only one who knows Victoria's secret
