Day by day, we let love just walk away
And I'll be the first to say
I was glad to see it go and day by day

Ever since you went away
I'm finding I'm still missing you
And I just got to know

Does that blue moon ever shine on you?
I wanna hold you close to me
And feel just like it used to be and
Baby, if you feel like I do you can come to me
Does that blue moon ever shine on you?

On my mind, you were right there all the time
I could search and never find someone
That does me like you do

Here's the part, where I'm giving you my heart
I was a fool to let you go
Girl I just got to know

Does that blue moon ever shine on you?
I wanna hold you close to me
And feel just like it used to be and
Baby, if you feel like I do you can come to me
Does that blue moon ever shine on you?

Night after night, I look to the stars
Wondering where you might be
And I've thought to myself is that very same moon
Shining on you like it's shining on me?

Does that blue moon ever shine on you?
I wanna hold you close to me
And feel just like it used to be and
Baby, if you feel like I do you can come to me
Does that blue moon ever shine on you?
