*[Verse 1]*

I see her layin' by the poolside every day  
She ain't got a lot on  
She ain't got a lot to say

*[Verse 2]*

She wouldn't look my way  
But buddy, what do you expect  
I'm just the fix-it-up boy at the apartment complex

*[Pre Chorus]*

And she'll go out dancin' 'bout 7:15  
Climb into the back of a long limosine  
I know where she's goin'  
She's goin' downtown  
I'm goin' downtown, too, and take a look around

*[Chorus]*

See my baby doll  
She's my beauty queen  
She's my movie star  
Best I ever seen  
I ain't hooked it up yet  
But I'm tryin' hard as I can  
It's just a high maintenance woman  
Don't want no maintenance man

*[Verse 3]*

I'm just sittin' 'round waitin' on a telephone call  
After water pipe exploded in the living room wall  
If your washer and dryer in need of repair

You know the handyman's waitin'  
And he'll be right there

*[Pre Chorus]*

Twenty-four hours  
Seven days a week  
If it's gettin' clogged up or maybe startin' to leak  
Just ring up my number, baby, give me a try  
You know I got all the tools  
And I can satisfy

*[Chorus 2]*

See my baby doll  
She's my beauty queen  
She's my movie star  
Best I ever seen  
I ain't asked her out yet  
'Cause I don't know if I can  
You see a high maintenance woman  
Don't want no maintenance man...man

*[Tag Chorus]*

See my baby doll  
She's my beauty queen  
She's my movie star  
Best I ever seen  
I ain't hooked it up yet  
But I'm tryin' hard as I can  
It's just a high maintenance woman  
Don't want no maintenance man  
Ain't no high maintenance woman  
Gonna fall for a maintenance man...no
