Bye bye baby I'm leaving  
You can keep your mansion and your money  
Your boat and your Benz and your uptown friends  
And your country club that ain't really country  
I need a little down home lovin'  
And a man ain't gonna get it up here  
Yeah I'll find what I want in a honky tonk  
I like girls that drink beer

You bought me a black tie suit and I ain't wearin' it  
Can't be seen in that thing in my Lariat  
Ain't goin' down to the ball in your chariot  
This high rise life just ain't for me

Bye bye baby I'm leaving  
Now you can keep your mansion and your money  
Your boat and your Benz and your uptown friends  
And your country club that ain't really country  
I need a little down home lovin'  
And a man ain't gonna get it up here  
Hey I'll find what I want in a honky tonk  
I like girls that drink beer

There's a two lane black top road and I'ma hittin' it  
Skynard back song, let her fly just a-gettin' it  
Find me a little hot spot and just sit in it  
Give me a mug of that ice cold brew  
Get me a girl that's got one too

Bye bye baby I'm leaving  
You can keep your mansion and your money  
Your boat and your Benz and your uptown friends  
And your country club that ain't really country  
I need a little down home lovin'  
And a man ain't gonna get it up here  
Hey I'll find what I want in a honky tonk  
I like girls that drink beer

Hey I need a little down home lovin'  
And a man ain't gonna get it up here  
Hey I'll find what I want in a honky tonk  
I like girls that drink beer

Yeah I'll find what I want in a honky tonk  
I like girls that drink beer
