I know sometimes you need me to be tender  
I don't give you much to go on  
So I'm amazed at how you hold on to me  
Baby girl I've never been this close before  
Never opened up that door  
I'm still finding my way

Something else that lovers do  
When I've been by myself  
Never had to talk about  
Movin' in with someone else

[Chorus]  
Then you kiss my face  
And it makes me smile  
Girl I want to lay with you,  
Right here with you  
For a little while  
When I feel that rush  
Coming down all over me  
You're as far as I can see  
That's tender as I wanna be  
Tender as I wanna be  
Girl it's so tender

No maybe it's that hard  
To find someone to please me  
Or it could be that real true love  
Sometimes don't come easy  
No it don't come easy

Chorus
