I'm thinking about you  
I'm thinking about the way you are  
I'm thinking about the way you talk  
And the things you do  
I'm thinking about you, I'm thinking about you  
I'm thinking about you

I'm thinking about you  
I'm thinking about the way you are  
I'm thinking about the way you look  
When you're driving in my car  
I think about you.

I'm thinking about you, thinking about you  
I think about the smile on your face  
And every move that you make  
And every breath that you take  
And how it steals mine away

And in the middle of the night stars streak across the  
sky  
I make a wish that all my dreams come true  
I think about you  
I'm thinking about you, I'm thinking about you

And I don't know what I should do  
And I don't know if you're feeling it too  
But you don't know what I'm going through

Thinking about you, thinking about you

I'm thinking about you, I'm thinking about you  
I'm thinking about you, I'm thinking about you  
I'm thinking about you

Thinking about you  
I'm thinking about you

I'm thinkin about the way you are  
I'm thinking about the way you talk  
And the things you do  
Thinking about you, thinking about you

I'm thinking about you, I'm thinking about you  
I'm thinking about you

I'm thinking about you  
I'm thinking about the way you are  
I'm thinking about the way you look  
When you're driving in my car  
I think about you

I'm thinking about you, thinking about you  
I think about the smile on your face  
And every move that you make  
And every breath that you take  
And how it steals mine away

And in the middle of the night stars streak across the  
sky  
I make a wish that all my dreams come true, I think  
about you  
I'm thinking about you, I'm thinking about you

And I don't know what I should do  
And I don't know if you're feeling it too  
But you don't know what I'm going through

Thinking about you, thinking about you

I'm thinking about you, I'm thinking about you  
I'm thinking about you, I'm thinking about you  
I'm thinking about you
