Yeah, me and Bobby P stayed out all night  
Kickin' it and cuttin' up and gettin' right  
I had a good time till I came crawlin' in 'bout daylight  
And you were bawlin'

And remember that time I took your car  
You told me not to drive it but my truck wouldn't start  
I had to leave it parked, it got a whiskey dent  
Down at the handlebar where I swore I never went,  
darlin'

You get mad sometimes  
I drive you right out of your mind  
I don't mean to make you crazy

I'm not the devil, just a dude  
Baby girl, I know that you  
Could do better than me maybe  
But it's too late, you already love me  
Yeah, it's too late, you already love me

Starch my shirt and you press my pants  
Met your boss at your Christmas dance  
In a suit and tie, I wore my boots and jeans  
And when he rolled his eyes, girl, I caused a scene,  
baby

You get mad sometimes  
I drive you right out of your mind  
I don't mean to make you crazy

I'm not the devil, just a dude  
Baby girl, I know that you  
Could do better than me maybe  
But it's too late, you already love me  
Yeah, it's too late, you already love me

No, I'm not the devil, just a dude  
Baby girl, I know that you  
Could do better than me maybe  
But it's too late, you already love me  
Yeah, it's too late, you already love me

You already love me  
Well, it's too late, you already love me  
Already love me  
Yeah, it's too late, you already love me
