All I wanna do
All I wanna do

I'm Your prisoner by choice
I will rest at Your feet
And I'll only lift my voice
When You want me to sing

It's the beauty of Your covering
That's stealing my heart
And it's the mystery of You
That tears me apart

If I should die before I wake
I pray the Lord, my soul to take
And if I should get a peaceful sleep
I wanna wake at my Father's feet

All I wanna do
Is get into You
You got me captured
(By Your love)

All I wanna do
Is stay here with You
You got me raptured
(Can't get enough)

Let's go
The sun's on the rise
The sleep's in my eyes
The dew's on the ground
The night is disguised

There's hope in the air
I'm fresh off a prayer
The blue mountain bean
Is clearin' my stare

I make recompense
It's all makin' sense
Like blood in my veins

You're my sustenance

The moment of trust
The me becomes us
The we become one
Your gift is my gust of wind
'Til we meet again

So faith, don't fail me now
If You touch my heart
You can feel it pound
So faith, don't fail me now

So faith, don't fail me now
If You touch my heart
You can feel it poundin'
So faith, don't fail me now

So faith, don't fail me now
When I touch my heart
I can feel it pound
Gotta get myself up off this ground
Faith, don't fail me now

You got me and
You won't let go
