If you gotta start somewhere
Why not here?
If you gotta start sometime
Why not now?

If we gotta start somewhere
I say here
If we gotta start sometime
I say now?

Through the fog
There is hope in the distance
From cathedrals
To third world missions
Love will fall to earth
Like a crashing wave

Chorus:
Tonight's the night
For the sinners and the saints
Two worlds collide
In a beautiful display
It's all up tonight
When we step across the line
We can sail across the sea
To a city with one king
A city on our knees

If you gotta start somewhere
Why not here?
If you gotta start sometime
Why not now?

If we gotta start somewhere
I say here
If we gotta start sometime
I say now?

Through the fog
There is hope in the distance
From cathedrals
To third world missions

Love will fall to earth
Like a crashing wave

Chorus:
Tonight's the night
For the sinners and the saints
Two worlds collide
In a beautiful display
It's all up tonight
When we step across the line
We can sail across the sea
To a city with one king
A city on our knees

Tonight could last forever
We are one choice from together
Tonight could last forever
O tonight could last forever
We are one choice from together
Family, we're family
O tonight could last forever
We are one choice from together
You and me yeah you and me

Chorus:
Tonight's the night
For the sinners and the saints
Two worlds collide
In a glorius display
'Cause it's all up tonight
When we step across the line
We can sail across the sea
To a city with one king
A city on our knees
A city on our knees
A city on our knees
A city on our knees

If we gotta start somewhere
Why not here?
If we gotta start sometime
Why not now?
