Eye on it, eye on it
Eye on it, eye on it

Eye on it
Eye on it
Eye on it, eye on it

I set my eyes to the west, walking away from it all
Reaching for what lies ahead, I got my eye on it
I see my sweat hit the ground
I put my foot in the block
This is the race of my life
And I can't wait for this shot

'Cause I can feel the wind on my back
Chest is pumpin' like a heart attack
Feet are moving and my mind is locked
Pressin' on with everything I got

I got my eye on it
I got my eye on it
I got my eye on it
Eye on it

I got my eye on the prize, I got my eye on it
I got my eye on the prize, I got my eye on it
I got my eye on the prize, I got my eye on it
I got my eye on it and I will not quit

I got a new passenger to help me navigate the way
So when my heart hits the floor I can recalibrate
I feel the deeper callin' me, all else is fadin' in the past
So let me run in the race that I know is built to last

'Cause I can feel the wind on my back
Chest is pumpin' like a heart attack
Feet are moving and my mind is locked
Pressin' on I gotta take my shot

I got my eye on it
I got my eye on it

I got my eye on it
Eye on it

I got my eye on the prize, I got my eye on it
I got my eye on the prize, I got my eye on it
I got my eye on the prize, I got my eye on it
I got my eye on the prize and I will not quit

Eye on it...

I got my eye on the prize, I got my eye on it
I got my eye on the prize, I got my eye on it
I got my eye on the prize, I got my eye on it
I got my eye on the prize and I will not quit
I will not quit
