"Dad, uh when we gonna order this Mac?"

"You got the cash?"

"I'm close."

"That's what I thought."

I want a Mac, I want a Mac, daddy, I need a Mac  
I want a Mac, I want a Mac, daddy, I need a Mac  
Them Apples don't grow on trees

I want a Mac laptop, packaging so posh  
Fits like a glove in that tiny little white box  
Pretty as a picture but it ain't all show  
At 8 Ram deep I be running logic pro  
To make my own beats dad  
Keep me off the streets dad  
An Xbox, would even take a back seat  
So please give me a job so I can stack that paper  
(rock the beat)  
'Cause this is major

I want a Mac, I want a Mac, daddy, I need a Mac  
So I can make my own beats  
I want a Mac, I want a Mac, daddy, I need a Mac  
Them Apples don't grow on trees

Yo I'm saving for a laptop and looking for some work  
5 bucks an hour and I'm willing to serve  
Ain't no job to UG, L to the Y  
I'd do almost anything to make that Macbook fly  
Yo I'll teach Judah to cross it over  
Then play chess all day with Moses  
I'll take Leo to the Franklin Fair  
Dad, I'd even braid Marlee 's hair

I want a Mac, I want a Mac, daddy, I need a Mac  
So I can make my own beats  
I want a Mac, I want a Mac, daddy, I need a Mac  
Them Apples don't grow on trees

I want a Mac, I want a Mac, daddy, I need a Mac  
So I can make my own beats  
I want a Mac, I want a Mac, daddy, I need a Mac  
Serving up them Jesus freaks

Show me how to do it, drop that beat  
Show me how to do it, drop that beat

I want a Mac, I want a Mac, daddy, I need a Mac  
So I can make my own beats  
I want a Mac, I want a Mac, daddy, I need a Mac  
Them Apples don't grow on trees

I want a Mac, I want a Mac, daddy, I need a Mac  
So I can make my own beats  
I want a Mac, I want a Mac, daddy, I need a Mac  
Serving up them Jesus freaks

"So you really want to earn a Mac this summer?"

"Yessir."

"Music for the people."

"Yeah man, we got that soul sauce..."

"Soul sauce!?!"
