Another cold night  
Another late flight  
It's almost show time and Diverse City's waiting on me  
We've got a packed house  
The crowd is calling out  
They want the beat to drop but what we really need is  
You

If You wanna steal my show  
I'll sit back and watch You go  
If You got something to say  
Go on and take it away  
Need You to steal my show  
Can't wait to watch You go oh oh oh  
So take it away

So now the crowd is hype  
That You showed up tonight  
Anticipating, craving something more than smoke and  
lights  
So I'll step out the way  
I'll give You center stage  
Alright, spotlight, give 'em what they came for

If You wanna steal my show  
I'll sit back and watch You go  
If You got something to say  
Go on and take it away  
Need You to steal my show  
Can't wait to watch You go oh oh oh  
So take it away

When You arrive  
We come to life  
Our hearts collide, they're beating in the same time  
You're coming through  
All eyes on You  
Our hearts collide, they're beating in the same time  
Beating in the same time

No matter who we are

No matter what we do  
Every day we can choose  
To say..

If You wanna steal my show  
I'll sit back and watch You go  
If You got something to say  
Go on and take it away  
Need You to steal my show  
Can't wait to watch You go oh oh oh  
So take it away

My life!  
My friends!  
My heart!  
It's all yours now  
Take it away

My dreams!  
My fears!  
My family, my career  
Take it away  
Take it away  
So take it away  
Take it away  
It's You I wanna live for
