We skipped class and I,  
I guess our heads needed a break  
But our bodies stayed busy  
I know that you still miss me

I give and you take it  
Two summers spent wasted  
Should we give up or save it?  
Will this make sense at all?  
After the fall  
(After the fall)  
We faded, I'm freezin'  
(After the fall)  
We had it all  
Now I'm barely breathin'

Did you have to turn your back  
When forever didn't last?  
Two years and six months  
Have you even looked back once?  
Your body felt like summer  
But we spent the fall apart  
And we'd know by December  
If the cold could remember

I give and you take it  
Two summers spent wasted  
Should we give up or save it?

Will this make sense at all?  
After the fall  
(After the fall)  
We faded, I'm freezin'  
(After the fall)  
We had it all  
Now I'm barely breathin'

I miss you  
Is it still okay to say it?  
I miss you  
I know that it's too late but  
We'll all stay in to hide the seasons

Feel the same for different reasons  
We lost the road but I prefer it  
We're used to bein' so discouraged

I give and you take it  
Two summers spent wasted  
Should we give up or save it?  
Will this make sense at all?  
After the fall  
(After the fall)  
We faded, I'm freezin'  
(After the fall)  
We had it all  
Now I'm barely breathin'
