Feelin' you coming around
Your breaking me down
Move on, move on, move on
Come on, get out
Move on, move on, move on
Come on, get out

I keep talking cause
I just need you to know
My motives
Were always to let you go
Your heart is pumping
The beat it fills the walls
This conversation
Is just to watch you fall
You know
I still turn on
You know
This is your last chance to get some

Feelin' you coming around
Your breaking me down
Move on, move on, move on
Come on, get out
Move on, move on, move on
Come on, get out

You hold you ground
Come on give up this fight
The sun's down so you let me stay the night
The room is quiet

The whispers in your ear
Will cause your body
To somehow get so near
To somehow get so near
To somehow get so near
I won't talk
I'm in it just for this
These moments
Are something I will miss
You she'd a tear

There's a feeling down below
That makes pain
Somehow die so slow
You know
You know
And you know
I'm getting you off

Feelin' you coming around
Your breaking me down
Move on, move on, move on
Come on, get out
Move on, move on, move on
Come on, get out
Feelin' you coming around
Your breaking me down
Move on, move on, move on
Come on, get out
Move on, move on, move on
Come on, get out
