I wonder if you're going down  
Well, we all know  
You get lost and then get found  
And then I wonder so

I can't take this  
No, I don't like it  
I don't know where you are

I wonder if that's what you said  
I wonder in my sleep  
I can't believe that's what you heard  
Can you not feel?

I can't take this  
No, I don't like it  
I don't know where you are

You know, she's dancing, at the disco  
And, whoa-oh  
She's dying, on the dance floor

I know you're sleeping all alone  
You feel suicidal  
I know you're dying to get out  
But it's in you deep inside

I can't take this  
No, I don't like it  
I don't know where you are

Do you feel it in your veins?  
The poison rushing through?  
But can't you see it in your heart?  
That I'm still there for you

I can't take this  
No, I don't like it  
I don't know where you are

You know, she's dancing, at the disco  
And whoa-oh

She's dying, on the dance floor

(Say my name)

You don't even know it

(I am done)

Well, you sure aren't showing it

(Hold my hand)

You know she's on the dance floor

(I know she's dying)

But still she craves more!

(Say my name)

You don't even know it

(I am done)

Well, you sure aren't showing it

(Hold my hand)

You know she's on the dance floor

(I know she's dying)

But still she craves more!

You know, she's dancing, at the disco

And, whoa-oh

She's dying, on the dance floor

Yeah, yeah, she's dancing, at the disco

And, whoa-oh

She's dying, on the dance floor
