You know we're moving along
You know we're moving along
You know we're moving along
You know we're moving along

i wish i could have told you
all the things i wanted to say
in the sheets
i kept real quiet
emotions are useless
that's what i'd say
i remember
when you rode down on the metro
just to tell me
love is real(love is real)
but that's not how i feel

you get close
i keep my distance
i never thought i would miss this
i think somethings going wrong
you can feel it in this song
you get close
i keep my distance
i never thought i would miss this
i think somethings going wrong
you can feel it in this song
you know we're moving along[x2]

i never felt more like dying
when you left
i felt so empty, my body aches
i'm so damn cold i still can't
feel you inside of me
now i feel like nothings working
this pain is growing
now im asking..was it real(was it real)
i can't stop how i feel

you get close
i keep my distance
i never thought i would miss this

i think somethings going wrong
you can feel it in this song
you get close
i keep my distance
i never thought i would miss this
i think somethings going wrong
you can feel it in this song
you know we're moving along[x2]
